1. Definitions

"Tatya" / "Platform" The digital marketplace (website and mobile app) operated by Mane Tech Systems, enabling booking,
renting, and management of agricultural machinery and drone services.

"User" / "You"
Any individual or entity accessing or using the Platform, including farmers, customers, drone pilots, machine operators, dealers, and community owners.

"Vendor" / "Partner"
Individuals or businesses that list equipment or offer services on Tatya, including drone owners, equipment dealers, and Farmer Producer Companies (FPCs).

"Service Provider" / "Operator"
Drone pilots, machine operators, or Tatya-certified service centers performing booked services on behalf of Vendors.

"Equipment"
Any agricultural machinery listed on the Platform, including drones, sprayers, tractors, implements, and related tools.

"Tatya Mitra"
Tatya's verified vendor marketplace of certified equipment suppliers, drone owners, and service professionals available for booking.

"FPC" (Farmer Producer Company)
A legally registered collective of farmers recognised under the Companies Act, eligible for bulk-order institutional bookings on Tatya.

"Surge Pricing"
Dynamic price increases applied during periods of high demand (e.g. peak crop spray seasons), capped at a maximum multiplier of 1.5x the base rate.

"DGCA"
Directorate General of Civil Aviation — the Indian regulatory authority governing unmanned aircraft systems (UAS/drones) under the Drone Rules, 2021.

"Digital Sky"
The online platform operated by DGCA for drone registration, flight permissions, and Remote Pilot Certificate (RPC) management.

2. Acceptance of Terms

By accessing or using the Tatya Platform, you confirm that you have read, understood, and agree to these Terms & Conditions and all referenced policies. These Terms form a legally binding agreement between you and Mane Tech Systems

Modifications

Tatya may update these Terms at any time. We will notify you of significant changes via in-app notice, SMS, or WhatsApp to your registered number. Your continued use of the Platform after the effective date of any update constitutes your acceptance of the revised Terms.

A Marathi-language version of these Terms is available in the app. In the event of any conflict between the Marathi and English versions, the English version shall prevail for legal purposes.

3. User Eligibility

Minimum Age

You must be at least 18 years old to register and use Tatya. Accounts found to belong to minors will be suspended immediately and all pending bookings cancelled.

Valid Identification

Upon request, you must provide a valid government-issued photo ID (Aadhaar, PAN, Driving Licence, or Voter ID) to verify your identity. All information you submit must be accurate, complete, and up to date. Tatya reserves the right to suspend or terminate accounts where fraudulent or false information is detected.

Regulatory Compliance

Certain services — especially drone operations — may require additional KYC verification or farm-location confirmation. You agree to cooperate with such requests. Failure to comply may result in denial or cancellation of service.

4. Account Creation and Security

OTP Login

Tatya uses one-time password (OTP) authentication for account access. You are responsible for maintaining the confidentiality of your registered phone number and any OTPs received. Do not share your OTP with anyone, including individuals claiming to be Tatya staff. Tatya will never ask for your OTP.

You are fully responsible for all activity that occurs under your account. Notify Tatya support immediately if you suspect unauthorised access.

Contact & Notification Permissions

By registering, you agree that Tatya may send you service-related notifications (booking confirmations, status updates, safety alerts) via SMS or WhatsApp to your registered number. You may opt out of promotional

messages at any time through the app settings.

Information Accuracy

You agree to keep all account information — including contact details, farm location, and crop data — accurate and current. Tatya will consider any notice sent to your last-provided contact information as validly delivered.

Verification

Tatya may verify your submitted information through internal checks or authorised third-party services. By using the Platform, you authorise such verification. Failure to pass verification, or provision of false details, may result in account suspension or termination.

5. Drone Operations & DGCA Compliance

Drone-based agricultural services (spraying, mapping, surveillance) are subject to the Drone Rules, 2021, issued by the Ministry of Civil Aviation, Government of India, and enforced by the Directorate General of Civil Aviation (DGCA).

Operator Responsibilities

- All drone pilots operating through Tatya must hold a valid Remote Pilot Certificate (RPC) issued by DGCA and keep their Digital Sky registration current.
- Operators are solely responsible for obtaining any required flight permissions and for ensuring their aircraft is airworthy before each operation.
- Operations must not be conducted in No-Permission No-Takeoff (NPNT) restricted zones without prior DGCA clearance.

PlatformRole

Tatya facilitates the connection between farmers and certified drone operators. Tatya does not hold an Air Operator Certificate and is not responsible for regulatory non-compliance by individual operators. Any flight permission denial or regulatory action is the sole responsibility of the operator.

User Obligations

- Provide accurate GPS coordinates and field boundaries at the time of booking.
- Disclose any proximity to airports, helipads, or restricted airspace zones.
- Ensure the field is clear of people and animals during the spraying operation.
- Comply with any pre-arrival instructions sent by the operator via Tatya.

Note: Drone spray sessions are typically scheduled 2–8 business days in advance to allow operators time to plan logistics and obtain any required flight clearances.

6. Service Bookings

Tatya's Platform allows you to book on-demand or scheduled agricultural services, including drone spraying, tractor tilling, and equipment rental. All bookings are subject to equipment and operator availability in your area

and must comply with applicable safety regulations.

Availability & Scheduling

- **Auto-confirmed bookings** (indicated by a green icon) are confirmed immediately upon payment.
- **Vendor-confirmed bookings** (yellow icon) require acceptance by the vendor before confirmation.
- A booking is only finalised when you receive an explicit booking confirmation from Tatya or the vendor.
- For specialised services, plan ahead — operators need adequate preparation time.

Rescheduling

Tatya or the vendor may reschedule a booking due to unsafe weather conditions (heavy rain, wind speeds exceeding safe operational limits), technical faults, regulatory restrictions, or operator unavailability. You will be notified as soon as practicable and offered an alternative date or a full refund.

ForceMajeure

Neither Tatya nor its Vendors will be held liable for delays or cancellations caused by events beyond reasonable control — including natural disasters, floods, government orders, civil unrest, epidemics, or grid failures. Tatya will make reasonable efforts to reschedule or offer a refund in such cases.

7. Pricing & Payments

Dynamic Pricing

Prices shown in the app are the final confirmed price at the time of booking confirmation. Prices may vary by season, location, crop type, and equipment. During peak agricultural seasons, surge pricing may apply — capped at a maximum of 1.5x the applicable base rate. The final price (including any surge) will always be displayed before you confirm payment.

Fees & Charges

- Service fees cover equipment rental and/or operator charges for the booked area.
- Travel or transportation charges to reach remote farm locations may apply and will be shown at booking.
- Consumables (fertilisers, pesticides, etc.) used during service are not included unless explicitly stated; you must supply or pay for these separately.
- Tatya charges farmers a flat service facilitation fee of ■**20 per acre** for drone spraying; this is separate from any vendor charges.

PaymentSecurity

All payments are processed through PCI-DSS compliant third-party payment gateways. Tatya does not store your payment card details or sensitive financial information.

Taxes

You are responsible for any applicable GST, duties, or government levies on transactions conducted through the Platform.

Marketplace Role

Tatya acts solely as a technology facilitator and payment collection agent on behalf of Vendors. Tatya does not take ownership of goods or services. Each Vendor/Operator is independently responsible for fulfilling your booking. Tatya is not liable for disputes between Users and Vendors beyond enforcing these Terms.

8. Cancellation & Refund Policy

Cancellation Timing	Refund
36+ hours before scheduled service	Full refund
12–36 hours before scheduled service	50% refund
Less than 12 hours / after dispatch	No refund (resources committed)
Cancelled by Tatya / Force Majeure	Full refund within 7 business days

Refund Processing

Approved refunds will be credited to your original payment method within **7–15 business days** from the date of cancellation approval.

No-Shows & Repeated Cancellations

Tatya reserves the right to impose a cancellation fee or reduce your user rating for repeated no-shows or unjustified cancellations. Users who frequently abuse the cancellation policy may face restrictions on future bookings.

9. User Responsibilities and Conduct

You are responsible for ensuring the work site is safe and properly prepared before any Operator arrives. Specifically, you agree to:

- **Site Preparation:** Provide exact farm coordinates (GPS pin or map selection) and ensure clear, safe vehicle and personnel access to the field. Remove obstructions including debris, vehicles, or irrigation pipes from the operational zone.
- **Hazard Disclosure:** Proactively inform the Operator of any hazards or restricted zones near the farm — including high-tension power lines, deep trenches, water bodies, protected wildlife areas, or government-restricted land. Tatya and the Operator accept no liability for incidents arising from hazards you fail to disclose.
- **Service Scope:** Book only for the area you intend to treat. Extra acreage beyond your booking will not be covered unless separately agreed with the Operator before commencement.
- **Resource Readiness:** Ensure all necessary conditions (water supply, labour assistance, correct crop growth stage) are in place before the Operator arrives. Delays caused by user unpreparedness may incur additional charges at standard rates.

- **Proper Use:** Do not misuse, tamper with, or attempt to reprogram any Tatya-facilitated equipment. Only Tatya-approved Operators should handle machinery. Misuse may result in account suspension and liability for damages.
- **Accurate Booking:** Submit accurate crop type, spray requirements, and field data at booking. Incorrect information that results in operational errors or product wastage is your responsibility.

10. Liability, Indemnity and Safety

Disclaimer of Warranties

Tatya provides a technology marketplace only. We do not warrant the quality, fitness for purpose, accuracy, or outcome of any service or equipment listed on the Platform. All services are performed by independent Vendors and Operators.

Operator Insurance

All Operators on Tatya are required to carry valid third-party liability insurance covering their equipment and operations. Tatya strongly recommends Users verify insurance coverage with their assigned Operator before commencement of service. Tatya itself does not provide crop damage, equipment, or personal accident insurance to Users.

Limitation of Liability

To the maximum extent permitted by Indian law, Tatya and its affiliates, officers, and employees are not liable for any indirect, incidental, consequential, or punitive damages arising from your use of the Platform — including loss of crop, revenue, profits, data, or goodwill. Where Tatya is found liable despite these exclusions, total liability shall be limited to the fees you paid for the specific booking in question.

User Indemnity

You agree to indemnify, defend, and hold harmless Tatya, Mane Tech Systems, its directors, employees, Vendors, and Operators from all third-party claims, damages, costs, and legal fees arising from: (a) your use or misuse of the Platform; (b) your breach of these Terms; or (c) your negligence or wilful misconduct.

No Agency or Employment

Nothing in these Terms creates an employer-employee relationship, partnership, or joint venture between Tatya and any Operator or Vendor. All Operators and Vendors are independent service providers.

Safety Compliance

You agree to follow all safety instructions given by the Operator at the time of service. Tatya is not responsible for accidents arising from your failure to follow safety guidelines or from unauthorised persons accessing the equipment or work area.

11. Data Collection, Privacy & Farmer Data Rights

Data Collected

When you use Tatya, we collect: personal information (name, phone, address); farm details (GPS location, acreage, soil type, crop varieties, sowing/harvest dates, machinery used); booking history; and any photographs of your farm that you upload.

Purpose of Use

Your data is used to: personalise your experience (equipment recommendations, optimal service timing); plan operations (routing and clustering of jobs for Operators); and comply with legal or regulatory requirements (e.g., drone flight clearance, government agricultural schemes).

Farmer Data Ownership

You own your farm data. Tatya acts only as a data processor on your behalf. We will never sell, rent, or commercially exploit your personal or farm data to any third party without your explicit consent. You retain all rights to the agricultural data you generate on the Platform.

Your Data Rights

- **Right to Access:** You may request a copy of all personal and farm data we hold about you.
- **Right to Correction:** You may update inaccurate or incomplete data at any time through the app.
- **Right to Deletion:** You may request deletion of your account and all associated data. Requests will be processed within 30 days, subject to any legal retention obligations.
- **Data Portability:** You may request your farm data in a machine-readable format.

Data Sharing

We share data only with: (a) Operators and Vendors — the minimum information needed to fulfil your booking; (b) government agencies — only where required by law or for regulatory compliance (e.g., DGCA flight logs). All data-sharing arrangements are governed by confidentiality agreements.

Data Retention

Personal and farm data is retained for a maximum of 3 years after your last booking or account closure, unless a longer period is required by law.

Data Security

We implement industry-standard security safeguards including encryption at rest and in transit, role-based access controls, and regular security audits. In the event of a data breach, we will notify affected Users within 72 hours.

Note: Full details on data use and your rights are set out in our Privacy Policy, available within the app and at tatya.app/privacy.

12. Grievance Redressal

In accordance with the Information Technology Act, 2000, and the Consumer Protection (E-Commerce) Rules, 2020, Tatya has designated a Grievance Officer to address User concerns:

Grievance Officer	Legal & Compliance Team, Mane Tech Systems

Email	Seva@tatya.app
Response Time	Within 48 hours of receipt of complaint
Resolution Time	Within 30 days of complaint registration

Users may also raise complaints through the in-app 'Help & Support' section, which provides direct escalation to the Grievance Officer. Nothing in these Terms limits your rights under the Consumer Protection Act, 2019, or any other applicable Indian consumer law.

13. Dispute Resolution

Step 1 — Informal Resolution

In the event of any dispute, you must first contact Tatya's Grievance Officer (Section 12) and allow 30 days for good-faith resolution before initiating formal proceedings.

Step2—Mediation / Arbitration

If informal resolution fails, the parties agree to resolve the dispute through binding arbitration conducted in accordance with the Arbitration and Conciliation Act, 1996. The seat and venue of arbitration shall be Pune, Maharashtra, India. The arbitration shall be conducted in English, and the award shall be final and binding on both parties.

Consumer Forum Carve-Out

Nothing in this Section restricts your right to approach a District Consumer Disputes Redressal Commission or appropriate consumer forum under the Consumer Protection Act, 2019. All statutory consumer rights are preserved.

ClassActions

To the extent permitted by law, you agree to pursue any dispute on an individual basis and not as part of any class or representative action.

14. Force Majeure & Governing Law

ForceMajeure

Neither Tatya nor any User will be held liable for failure or delay in performing obligations under these Terms where such failure results from causes beyond reasonable control — including natural disasters, floods, droughts, epidemics, government orders, war, civil unrest, DGCA flight bans, or power grid failures. The affected party must notify the other promptly and use reasonable efforts to resume performance as soon as practicable.

Governing Law

These Terms are governed by the laws of the Republic of India. Subject to Section 13, any unresolved dispute shall be subject to the exclusive jurisdiction of the courts in Pune, Maharashtra, India.

15. General Provisions

Severability

Ifanyprovision of these Terms is held invalid, unlawful, or unenforceable by a competent court, the remaining provisions shall continue in full force and effect.

Entire Agreement

These Terms,together with our Privacy Policy and any other policies incorporated by reference, constitute the entire agreement between you and Tatya with respect to your use of the Platform, and supersede all prior representations, understandings, or agreements.

Waiver

Tatya'sfailure to enforce any right or provision under these Terms shall not constitute a waiver of that right or provision.

Assignment

Youmay not assign or transfer your rights or obligations under these Terms without Tatya's prior written consent. Tatya may assign its rights to any successor entity or affiliate.

Language

TheseTerms are executed in English. A Marathi translation is provided for convenience. In the event of any inconsistency, the English version prevails.
